Hello all,

Covid-19 vaccinations for 12 – 15 year olds

Secondary Colleagues – as there has been no announcement from the Chief Medical Officer concerning the vaccination of pupils aged 12 -15 the planned opportunity to meet with NHS colleagues is on hold. Should there be an announcement we will hold that session fairly swiftly afterwards and be in touch with CEOs and Heads with details

Reminder to complete the DfE daily attendance portal

We are writing with a polite reminder to all schools to complete the DfE attendance portal daily. The portal link is [here](#) and should be completed by 2pm each day. This is now our only source of information about attendance, disruption and the Covid-19 situation across City schools. There is a reliance on this data for a number of important purposes, including regular discussions with public health and the DfE. Could you please make sure whichever colleague is responsible for attendance completes the (simplified) data on the portal. If they should be added to this mailing list please send their email address.

Reminder to notify us should your setting reach any of the new thresholds for Covid, which are:

- 5 children, pupils, students or staff, who are likely to have mixed closely, test positive for COVID-19 within a 10-day period; or
- 10% of children, pupils, students or staff who are likely to have mixed closely test positive for COVID-19 within a 10-day period.

For special schools, residential settings, and settings that operate with 20 or fewer children, pupils, students and staff at any one time:

- 2 children, pupils, students and staff, who are likely to have mixed closely, test positive for COVID-19 within a 10-day period.

Please inform Nottingham City Council Public Health by emailing the team at CoronaVirusQueries@nottinghamcity.gov.uk.
